

**Request and Agreement Form for the Distribution of purified DNA from Japanese-origin B Cell Lines**

To Japan Health Sciences Foundation, Health Science Research Resources Bank

1. I hereby request the distribution of purified DNA from Japanese-origin B cell lines.

Date of application:	Date of receipt:	No.:
Name and title of applicant (in print):		
Tel:	Fax:	E-mail:
Name and address of institution:		
Name of laboratory and responsible person:		
Samples ordered (description, quantity, etc)		
Research purposes:		

2. I agree to comply with the following stipulations when I receive the distribution service of specimen ordered from Human Science Research Resources Bank (henceforth abbreviated as HSRRB).

- 1) The research project that will use the samples ordered has been approved by the Institutional Review Board of our institute. I will not use the DNA in unethical experiments such as direct administration to humans.
- 2) I fully respect the priority of the person who established the B cell lines.
- 3) I will use the DNA only for research, testing, and educational purposes, and not for military and direct profit-making purposes.
- 4) I will not impart the DNA to a third party.
- 5) I will not ask HSRRB to be responsible for any accident or loss incurred from the use of the DNA.
- 6) When I publish any results obtained from the use of the DNA, I will state the procurement of the DNA from HSRRB.

Signature of applicant:
